

priMED is pleased to introduce the ...

thumbloop protective gown

Quick and Easy

- Apron-style neck for rapid over-head donning
- Tear-away perforations in the back for clean, easy removal
- Individual pouches in convenient dispenser boxes take up minimal space

Comfortable

- Made of lightweight blue Polyethylene material
- Open back design keeps the wearer cool
- Roomy dimensions

Secure

- Impervious to fluid splash
- Thumb loop cuffs prevent gown sleeves from riding up while wearing gloves
- Waist ties in back or may be wrapped to the front
- Latex-free

Ideal for use in the ER, CSR or bathing patients.
